

If a death occurred unexpectedly, would you know who to call?

We feel strongly that families should not have to go to a funeral home unprepared and uninformed on one of the worst days of their lives.

The Dignity Memorial Funeral Benefits from **Palm Mortuaries and Cemeteries** provide many offerings that can help alleviate some of the financial and emotional burdens for planning a funeral and/or making cemetery arrangements.

These benefits include free consultation, free Pre-Planning Guides and Veteran Guides, as well as cost savings on funerals, cremations and cemetery property.

As an LVPPACE employee, these benefits are available to you and your spouse automatically. Simply provide proof of affiliation, such as a business card, employee ID or pay stub.

*Your life, your legacy.
Plan to make it right.*

Thinking about these and other questions will help you plan a service that honors your life or your loved one's life in a meaningful way:

- *Would you like a traditional or simple, less elaborate service?*
- *Do you prefer cremation or burial?*
- *How do you want to be remembered?*
- *What special music or personal touches do you want to include?*
- *Do you want a private family service or one open to all?*
- *Will there be visitation for family and friends or a private family gathering?*
- *How much would you like to pay for your service?*
- *What type of permanent memorial would you prefer?*
- *If you're a veteran of the U.S. Armed Forces, what military protocols or traditions, if any, do you want incorporated into your service?*
